EDUCATION

UNIVERSITY OF WASHINGTON TACOMA

Expected Graduation: June 2026

BS - Information Technology | Minor - Business Administration

Relevant Coursework: Object-Oriented Programming I & II, Information Systems Analysis and Design, Programming II for IT & Systems (C#), Hardware & Software Systems, Human-Computer Interaction (HCI), and Foundations of Web Design and Programming (HTML).

TECHNICAL SKILLS & PROJECTS

Programming: HTML5, Python, C#, and JavaScript

Technologies: Visual Studio Code, Office 365, and Cisco Packet Tracer

Soft Skills: Problem-solving, collaboration, adaptability, and leadership.

Tic Tac Toe Game - Self-Directed Project

Dec 2024

Developed a Tic Tac Toe game using Visual Studio Code, implementing a GUI interface for an interactive user experience. Designed and coded game logic, including win conditions and player turns, ensuring smooth functionality and responsiveness.

Student Database Management System - Self-Directed Project

Feb 2025

Developed a Student Data Management System using C# and implementing object-oriented programming concepts with an inheritance hierarchy of Student, and Undergrad/GradStudent classes. Implemented CRUD functionality with txt files so the user did not need an external database and data integrity would be preserved between sessions.

EXPERIENCE

Renaissance 21 - Co-Lead/Assistant

Aug 2024 – January 2025

- Collaborated in designing and executing 10+ STEM workshops, empowering over 150 underserved youth with hands-on technology and science projects.
- Led program development, community outreach, and student mentorship, bridging the digital divide and inspiring future innovators.
- Coordinated 5+ STEM events, achieving a 90% satisfaction rate among participants.

NA6 Designs - Owner

July 2023 – December 2024

- Led a fashion brand, launching 3 successful clothing lines and increasing customer satisfaction by 20% through innovative design and market presence.
- Developed and launched 4 clothing collections, with each product line achieving a 15% growth in sales over the first quarter.
- Spearheaded quality assurance processes to ensure product excellence and reliability in a competitive market.

VOLUNTEER EXPERIENCE

KR7 – Logistics Coordinator

Jun 2023 –Present

- As a member of the KR7 LLC, I play a pivotal role in organizing impactful charitable events, including back-to-school backpack giveaways, Thanksgiving turkey giveaways, and Christmas toy drives, aligning our efforts with causes such as community development, poverty alleviation, and education.
